

ELITE SHADE

The Elite Patio Roll Shade is a sleek design covering spans up to 14' in width and heights up to 10' in length. The Elite shade is available in a motorized as well as manual configuration and offers a variety of valance, track and fabric options.

- Available in widths from 28" to 168" measured end cap to end cap and 12" to 120" in height, from top of shade to bottom of hem bar
- 70mm steel roll tube provides extra rigidity, ensuring smooth operation
- Designed as an open roll for recessed applications or select the Freedom Hood, 4.5" Elite Cassette Box or 5.5" X 5" angular Head Box
- Elite Cassette Box, Freedom Hood and Guide Hardware are all available in five standard colors: white, bronze, sand, camel, tan and RAL custom colors
- Head box is available in white, anodized and RAL custom colors
- Available guide options include Zip Rite Track, Side Channel and Cable guides
- Available as a manual unit- white with white stem or bronze with black stem. Standard Crank lengths are 47", 59" & 67" in white and bronze.
- Motorized units are powered by Somfy, the premier motor in the industry. Motorization options include Standard, RTS, RS485 and Solar powered.
- Available with the most extensive fabric selection in the industry including vinyl window integration.
- Fabric seams are welded, not sewn and are always horizontal (Acrylic is seamed vertically) with standard seam placement as high as possible or can be specified. Seam placement is measured from the bottom of hem bar.
- Units may be wall mounted or soffit mounted depending on valance.
- Valance, track and hem bar hardware are extruded aluminum.
- Fabric gap with tracks is approximately $\frac{1}{4}$ " (edge of fabric to track) and 2" on manually operated cable guide systems (edge of fabric to cable) on the crank side
- Stainless Steel Fasteners
- Limited Lifetime Warranty
